## Explore Morinville with our Olympic Rings Scavenger Hunt!

### How to Play:

1) We will have Bingo Cards available to print or pick up at the library. To fill in your card, use the clue to find the location and:

- find our container of stickers
- grab a sticker and place it on the right clue.

Every sticker is different, so please only take one!

**IMPORTANT NOTE:** After the windstorm this summer, some of our outdoor locations may not be findable anymore. If you can't find the container, come to the library and tell us and we'll give you a sticker.

2) Each category (column) that you complete is one entry into a draw. You can enter the draw up to 6 times:

- once per completed row
- once for a filled out card

The more of the scavenger hunt you complete, the more chances you have to win!

3) To enter, bring your card into the library and:

- show a staff member that you have completed a row with the correct answers or take a picture and send it to us
- of your card on your phone and submit it to our Google form.

The scavenger hunt can be completed whenever you would like throughout the summer and the draw will not be done until the last day of the Summer Reading Olympics, so take your time exploring our town, getting outside, and supporting local!
